## CALL FOR ACTION: JOIN MIGLAB'S INCLUSIVE TRAINER POOL

### For Migrant Associations and Communities

### WHY MIGRANT PERSPECTIVES ARE ESSENTIAL IN INCLUSIVE TRAINING

At MigLAB, we believe that truly inclusive education requires diverse voices and experiences. **Migrant perspectives are not just valuable—they are essential** to developing training approaches that work for everyone.

#### The Current Challenge

Despite growing recognition of the importance of inclusive education, many training spaces continue to:

- Lack cultural diversity among trainers
- Fail to address the specific needs of migrant communities
- Miss opportunities to incorporate diverse cultural knowledge and approaches
- Perpetuate power dynamics that marginalize migrant voices

## Why We Need Your Expertise

**Migrant trainers bring unique strengths that enhance inclusive education:**

1. **Lived Experience:** Understanding the challenges faced by marginalized communities firsthand
2. **Cultural Bridge-Building:** Ability to navigate between different cultural contexts and communication styles
3. **Multilingual Skills:** Capacity to make education accessible across language barriers
4. **Diverse Pedagogical Approaches:** Knowledge of educational methods from different cultural traditions
5. **Resilience and Adaptability:** Experience in navigating complex systems and finding creative solutions

## OUR APPROACH: INCLUSIVE TRAINING STANDARDS

MigLAB has developed comprehensive training standards based on Council of Europe and Erasmus+ frameworks, ensuring our trainers create spaces where nobody feels discriminated against or othered.

Our standards emphasize:

- **Human dignity** as the foundation of all educational activities
- **Inclusive design** that considers diverse needs from the beginning
- **Non-violent communication** that prioritizes empathic connection
- **Safe space creation** through clear agreements
- **Cultural competence** that values diverse perspectives
